

Grade LEVEL 6 - (Science) Topic Outline First Quarter - SY 2021 - 2022

Teacher: Ana Rose P. Benolirao

# I. Mixtures and Characteristics

- A. Homogeneous and Heterogeneous Mixtures
- B. Types of Mixtures
  - Periodic table of elements
- C. Common Laboratory Apparatus
- D. Ways of Separating Mixtures

#### II. Scientific Method

- A. Scientific Notation
- **B.** Scientific Figures
- C. Conversion

## III. Human Body Systems

A. The Musculoskeletal System

- B. The Integumentary System
- C. The Digestive System
- D. The Respiratory System
- E. The Circulatory System
- F. The Nervous System

## IV. Scientific Method

A. Science Investigatory Project

- 1. Parts
- 2. Construction

# V. Animals and Their Classification

A. Vertebrates and Invertebrates

## VI. Plants and Their Reproduction

A. Spore Bearing and Cone Bearing PlantsB. Vegetative Propagation of Plants

## VII. The Ecosystem

- A. The Physical Condition of the Ecosystem
- B. The Interactions in Ecosystems

Grade LEVEL 6 - (Science) Topic Outline First Quarter - SY 2021 - 2022

Teacher: Ana Rose P. Benolirao

- VIII. Gravitational and Frictional Force A. Gravitational Force B. Frictional Force
- IX. Energy, Work, and Machines
  - A. Energy and Its Forms
  - B. Transformations of Energy
  - C. Simple Machines
- X.Earthquakes and Volcanic EruptionsA. Earthquake and Plate Boundaries
  - B. Volcanic Eruptions
- XI. Philippine Weather and Seasons
  - A. Weather
  - B. Seasons in the Philippines
  - C. Earth's Rotation
  - D. Earth's Revolution
